Susan G. Komen Greater NYC and our community partners provided 54,728 New Yorkers with life-saving breast health screening, treatment and support services, and education.
Dear Komen Greater NYC Friends,

Thanks to you, our dedicated donors, volunteers, and friends, more than 54,000 women, men and families received life-saving services in our 2014-2015 program year.

Your donations helped Jessica, who was diagnosed on her 28th birthday while she was in nursing school. No insurance, no resources, no one to turn to, without you, Jessica wouldn’t have gotten the treatment she needed so that she could finish school and start her life.

Thanks to your support, this year Komen Greater NYC awarded $2.1 million in grants to fund local breast health screening, treatment, support, and education programs and $700,000 to fund critical breast cancer research programs to find the cures.

Komen Greater NYC looks forward to continuing to partner with you -- we are honored to have you on our side. Together, we will eradicate breast cancer!

Sandra Kozlowski,
Chair, Board of Directors

CREATING MORE BREAST CANCER SURVIVORS SINCE 1990

Komen Greater NYC is:
• The leading local resource for the medically underserved in need of breast cancer screening, treatment, diagnostic and support services.
• A strong, locally driven grassroots organization led by dedicated staff and a passionate Board of Directors and supported by thousands of volunteers.

DOLLARS RAISED SINCE 1999: $80 MILLION

KOMEN GREATER NYC’S MISSION

We work locally to save lives, ensure quality care for all, and invest in research to find the cures for breast cancer.
Because hundreds of thousands of people have participated in the Race for the Cure® and other fundraisers, Komen Greater NYC has raised nearly $80 million to date.

Jessica goes through a bilateral mastectomy, chemo and radiation treatment, and reconstructive surgery and is now a breast cancer survivor.

Jessica celebrates her survivor status by participating in the Komen Greater NYC Race for the Cure.

Jessica Winkler is diagnosed with breast cancer.

Jessica Winkler is a breast cancer survivor.

Jessica receives vital and ongoing case management, patient advocacy and support services from Peconic Bay Medical Center, a Komen Greater NYC-funded community partner.

Komen Greater NYC invests funds raised at the Race and our other events in grants to community partners.
ACCESS TO SERVICES

Komen Greater NYC invested $730,000 in national breast cancer research programs to find the cures and granted $2.0 million to 27 breast health community partners.

“On my 28th birthday, I was diagnosed with stage IIB invasive ductal carcinoma and triple negative breast cancer. My life plans were now on hold. I was terrified I might die. And I didn’t have health insurance to cover my treatments. It was the worst birthday present ever.

But thanks to donors like you, I received the lifesaving treatments I needed through a locally funded Komen Greater NYC program on Long Island. That same program helped me with rental assistance and linked me with other young adults who had a similar diagnosis. **Without these services, I would not have survived. And I’m so grateful.**”

- Jessica Winkler
